Kansas

Garden City | Dodge City | Seward County

The Next Great Problem Solvers Start **HERE.**

The Data Science program through Newman University equips students with advanced skills in Python coding, predictive modeling, and artificial intelligence to analyze complex datasets and solve real-world problems.

Through hands-on experience and ethical practices, our graduates become leaders in transforming data into impactful decisions across industries.

The Data Science Program includes online courses as part of the curriculum through Newman University's partnership with Rize Education. This partnership offers students cutting-edge curriculum, greater flexibility, nationwide access to industry experts and teaches resume-ready skills.

Specialized Focus Areas

Tailor your education with specializations in machine learning, natural language processing, and computer vision.

Global Perspectives

Collaborate with international peers and gain understanding through diverse approaches to AI.

Cutting-Edge Facilities

Access state-of-the-art labs and resources, mirroring the environments you'll encounter in the AI industry.

Career Pathways

— Bachelor of Science Degree —

Graduates from our Data Science program are prepared for rewarding roles, including:

Data Scientist

Data Engineer

Machine Learning Engineer

Data Researcher

AI Engineer (typically requires advanced degrees)

Graduate Studies in Data Science

Graduate Studies in Statistics

Program Focuses

on these essential skills

Python Programming

Data Manipulation and Visualization

Machine Learning and AI Systems

Predictive Modeling

Ethical Data Practices

Newman University's Data Science program provides you with the knowledge and relevant skills to set you on the path to a fulfilling career.

\$20,000
SCHOLARSHIP

All DC3, GCCC and SCCC graduates automatically receive a \$20,000 scholarship, making your bachelor's degree as affordable as **\$750 per year!**
